## *Valedictorian and Salutatorian*

This year's Valedictorian is a member of the National Honor Society and Mu Alpha Theta. She is historian and secretary of the SGA. She is also president of the Service Club. She was selected as a senior superlative and was voted most intelligent by her classmates. She is also an integral part of the school's track and field team where she is a discus and shot put thrower. She is an active participant in her youth group at Dayspring Baptist Church where she participates in service activities and food drives. She has maintained a high GPA while tackling a full course load, including 8 Dual Enrollment classes. She plans to attend the University of Mobile to study political science. She will then further her education by attending law school. With a GPA of 4.34, the 2023 Valedictorian is **Miss Kate Bowden**.

The Salutatorian this year is a member of both the National Honor Society and Mu Alpha Theta, and he is also enrolled in Dual enrollment classes. In fact, he has taken 8 dual enrollment classes during his time at MCS. He serves as president of the Student Government Association, and he represented the Varsity cross country and track and field teams on the 4x800 race and 1600 and 3200 races. He is a senior superlative and was voted most intelligent, most likely to succeed and best Christian character by his senior class. Outside of the work he does at Mobile Christian, he stays busy in the community. He is involved in Regency Church of Christ's youth group where he donates his time on service projects. He is planning to study political science and will then attend law school. With a GPA of 4.32, the 2023 Salutatorian is **Mr. Jeremy Haynes**.

## The Shadow Problem

In one of our nation's most populated cities, there is a decades-long issue that many know nothing about. New York City is currently working with citizens, scientists, and private business owners in order to solve "The Shadow Problem." Throughout the city, there are over six thousand high-rise buildings, as well as plans for new ones every day. The increasing number of these structures has people worried for many reasons, but perhaps the most common concern is the simple yet destructive shadow. Shadows are nothing new to the 'Big Apple.' The first skyscraper in New York was constructed in 1889, standing a whopping eleven stories high, causing, you guessed it, quite a shadow. Fast forward to today, these buildings have multiplied in number and height, some reaching 110 stories, with shadows towering over the streets below. Shadows on their own are not a bad thing, I quite enjoy the shade from a leafy tree during a hot summer day, but as we know, not enough sun can be detrimental to living organisms. Because of this, there is an extra concern with plans for buildings next to the famous Central Park. The overwhelming amount of money to be made by residents and businesses wanting the perfect view has caused many proposals for high-rise buildings surrounding the park. Activists and scientists want to prevent the park's life from missing out on much-needed light, which is why they are fighting so hard to protect against the shadows.

The distaste for shadows is not unique to New York. Shadows are the backbone of many scary movies, campfire-tales, and often represent sadness or deceit in literature. Light, on the other hand, is often symbolized as love and comfort. If we trace back to the first comparison of light and shadows, we will find ourselves where many concepts originated: God's Word. Light and shadows can be found all over the Bible; Creation, Jonah and the fig tree, or Jesus' parable of the lamp. James also referenced it as he wrote, "Every good and perfect gift is from above, coming down from the Father of the heavenly lights, who does not change like shifting shadows." (James 1:17, ESV) James' words paint a beautiful picture of the light and comfort of our Heavenly Father alongside the darkness and uncertainty of the shifting shadows.

Unfortunately, New York is not the only place with a shadow problem. Every day across our world, shadows are hovering over society; however, these shadows do not stem from a tall building. Life-altering events such as the loss of a job or the loss of a loved one can cause a cloud of darkness to enter our lives. At these times, the ultimate shadow-maker, Satan, comes in and attempts to make sure we will stay there. Satan aims to entangle us with high-rise worries, questions, and disappointments. He hopes that by kicking us while we are down, he will be able to keep that shadow over us and possibly use our darkness to pull down others as well. Luckily, our God already has the solution to the Shadow Problem: the powerful, never-ending light and love we can have through a relationship with His Son. Just as James writes, regardless of what arises in our lives, we can know and trust that God's light will shine through.

The energy put forth to solving New York's shadow problem led to the development of a new science; Shadowology. This area of study maps out the city's dark spots at different times of the day and throughout different seasons to determine where the greatest risk of being overshadowed might be. The shadowologists have even developed bioengineered plants and trees that need less sunlight to thrive. Efforts to defend against the shadows are substantial and crucial to sustaining life in the city. Yet they are nothing in comparison to the great lengths our God will go to shine His light on us when we are in need. Whether in a dim shade or in the darkest of places, His light is there for us. Just as James put it, His light is never-changing. All we have to do is search for it, and it will get us through life's shifting shadows.

Gerren Wasden,  
MCS Bible Teacher

## 3rd Grade Bible Times

# Homecoming 2022

Every fall, Mobile Christian students, teachers, and alumni look forward to Homecoming Week. To keep those Leopard spirits up on campus, high school grades earned points each day through participating in dress-out days, making a class flag, and winning Homecoming grade games. To start the week off, the SGA helped students, and even faculty members, stay involved with dress-out days, which included Pajama Day, Movie Character Day, Country vs. Country Club Day, Class Colors Day, and rounded out the week with Blue and Gold Day. Each day, the SGA officers and members selected the winning costumes and honorable mentions. Even teachers caught the Homecoming spirit! We will never forget Alex Teague dressed as Gru and his whole team of Minions (Robbin Holder, Amy Huddle, Kelly Pitts, Anita Presley, and, of course, Natalie Teague). Also, as a part of the Homecoming Week fun, MCS hosted ninth through twelfth grade games. On Monday, high school teams battled it out in a basketball tournament. Tuesday, they duked it out in dodgeball. Continuing a

**Christian Hardy** was recognized with the “Harrison Leff Heart of a Leopard Award”

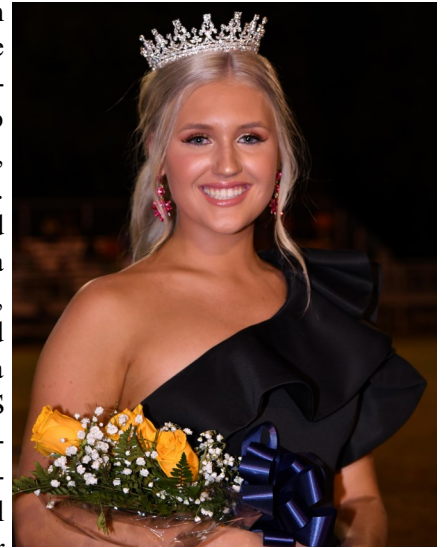

Melanie May and Tucker Smith. The morning and halftime Homecoming court presentations were emceed by SGA President Jeremy Haynes. At Friday morning’s court presentation, SGA Vice President Tomas Rebollo presented Scott Singleton (Class of 1991) with the 2022 Alumnus of the Year Award, and Athletic Director Joey Adams presented Senior **Christian Hardy** with the Harrison Leff Heart of a Leopard Award. Ja’Niyah Boykin, the 2021 Homecoming queen, returned to crown Senior **Caitlyn Avery** as our 2022 Homecoming queen. Bringing our exciting week to a close, the MCS football team was incredibly close to a victory against Pensacola Christian High School. Unfortunately, they were defeated in overtime 31-28, but rain or shine, we love our Leopards!

## Scott Singleton named Alumnus of the Year

The Student Government Association recognized **Scott Singleton** as the 2022 Alumnus of the Year. Scott is a 1991 graduate of MCS. While an MCS student he played Varsity Football, served as Treasurer of the National Honor Society, received the Presidential Academic Fitness Award and was recognized for Perfect Attendance for twelve consecutive years!

He graduated from the University of South Alabama with a bachelor’s degree in Chemical Engineering and he earned a Master’s of Business Administration from Spring Hill College. He has been employed by Chevron for 20 years as a chemical engineer.

He and his wife, Kim, have a son David who is a 7th grader at MCS. Scott is often seen volunteering as a coach for elementary football. He has helped with past and current capital campaigns and has made improvements around campus. Thank you Scott Singleton for your example of service and for all you do and have done for MCS and the Mobile community.

**Caitlyn Avery**  
2022 Homecoming Queen

## New Teachers/Staff

**Lisa Bowden** teaches 3K. She has a degree in Human Management from USA. She is married to Chris Bowden and they have two children: Dylan, 9th grade and Kate in 12th grade. They attend Day Spring Baptist Church. Mrs. Bowden previously taught at Christ United pre-school.

**Trey Chambers** is a MCS graduate. He has a degree in sport and recreational management from USA. He has a Master's degree in career technical education from Athens University. He is married to Lynea Chambers. They attend Good Shepherd Baptist Church. Mr. Chambers is teaching 12th grade Life Skills, 6th grade Career Prep and K4-5th grade Technology Lab.

**Erin Copeland** teaches 5th grade. She hold a BS in Education and History and an M.Ed. in History and Education She is married to Nathan Copeland and they have 4 children: Kate 8th grade, Colin 7th grade, William and Grant in 5th grade.

**Katlin Copeland** teaches first grade. She and her husband Taylor (class of 2010) have two children Gabe who is 3 years old and Elijah in K4. Mrs. Copeland has a BA in English Lit from Faulkner University and a BS in Elementary Education from University of Southern Mississippi. They attend Azalea City Church of Christ.

**Debbie Harris** teaches Honors Physics, College Prep Physics, Physical Science and Honors Algebra 1. She and her husband David have 3 grandchildren. McKinley in 3rd grade, Bryleigh in K3 and Jake who is 2 years old. Mrs. Harris attends Creekwood Church of Christ.

**Nikki Holland** teaches 3K. She has a BS in Psychology from Faulkner University. She is married to Josh Holland and they have three children: Hallie, Darcie and Abbie. They attend Creekwood Church of Christ.

**Emma Stetzing** teaches 4K. She is a 2016 MCS graduate. She has a BS degree Elementary Education for USA. She is married to Daniel Stetzing and they attend Regency Church of Christ.

**Alexis Stewart** works in the cafeteria. She and her husband Mathew have 2 children: Ryann in first grade and Baylyn in third grade.

The elementary school invites grandparents to visit MCS with their grandchildren. This is a Fall event and grandparents or considered grandparents are welcome.

MCS Reunion Chorus returned for weekend performances after 40 years. Paul Mower returned as the director. They sounded great and they raised money for the *Brenda K. Paul Student Scholarship Fund*. They are hopeful this will become a more regular event. If you wish to donate to the scholarship, call Allison Haynes at the school.

# A Message from the Head of School

Mobile Christian Family,

As we close another school year at 5900 Cottage Hill Rd, I am incredibly proud of all that has been accomplished throughout the school year. Each day and each year provides new and unique challenges and opportunities. As we have navigated the 2022-2023 school year, we look back with pride and look forward with excitement. We knew this year would be important, as it was time for us to renew our accreditation through the National Christian School Association and Cognia. Our teachers, faculty, and staff worked hard to prepare for a team of teachers/administrators from Christian schools throughout the country to visit our campus in the Spring. As they stayed on campus and observed the day-to-day life at Mobile Christian School, they discovered what many already know - Mobile Christian School is a family. After interviewing students, teachers, parents, administrators, and many other stakeholders, they said it was clear this community cared about each other in a way that far exceeded what was typically observed. The accreditation team stated that there was an overwhelming amount of evidence that displayed the heart for each other we desire to have. Another exciting observation was that our school "kept the main thing, the main thing". These outsiders saw in just a couple of days that a growing rela-

tionship with Jesus Christ was the highest priority of our school. Through the various chapels, Bible classes, meetings, and interviews these men and women felt confident that we were striving to be a school that walks like and with Christ. Although we have always believed these two things are true about Mobile Christian, it means something else to have individuals with no prior knowledge of our school recognize these strengths in just a matter of days.

It is my belief these two priorities are what have brought us through another great year. As we look back on much of what has happened over the last several months, we can see progress. We are proud of all of our extracurricular activities and opportunities. It was another great year for our teams, clubs, and groups here on campus. We saw sports teams compete and many reach new and great heights. Our band continued to excel in competitions and had the opportunity to play at Universal Studios in Orlando, Florida. FCS and the Service Club continued to meet and provide encouragement to our students and the community each week. While these are just a few examples of groups of our students doing great things outside of the classroom, there were also great things happening inside the classroom. The data we have collected throughout the school year has shown academic growth amongst individual students and our school as a whole. Our senior class for this year continued to build on our tradition of students that graduate from high school, are accepted to college, and receive college scholarships. Overall, this school year has represented one of the strongest "back to normal" pushes that we have seen over the last several years and we are incredibly proud.

While this school year has certainly been a great one, we look forward with great anticipation. We have kicked off our Next Level Campaign which will fund some needed capital improvements around campus. Member of the Board of Trustees, Ashley Walker, said it this way, "The Next Level Campaign will ensure our campus will meet the needs of our students for decades to come. It is our goal to provide students with the facilities and opportunities they need to learn and grow. Given the excellence that already exists at MCS today, you can imagine the possibilities for our students when the facilities equal their dedication in the classroom and on the field. Mobile Christian is worthy of investment, a place where each student can learn and grow in service to God and fellow man." Already, we have replaced the lighting with energy-efficient LED lights around the school and on our sports fields, almost completed the resurfacing of the field at Lamar Harrison Stadium with a state-of-the-art synthetic playing surface and making the stadium handicap accessible, and started research into our STEM lab. These items as well as renovations and improvements to the Enrichment Building, new playground equipment, and much more are a part of this major project. Coming off the heels of our monumentally successful Vision 2020 Campaign, we are excited to continue that success and progress for our campus and our students.

It is a great time to be a Leopard at Mobile Christian School. Wrapping up a successful school year and planning for another one coming up are both great things. However, we realize that none of this would be possible without the great group of supporters that we have at Mobile Christian. We want you to know that we are incredibly thankful for each of you. Family members, friends, loved ones, alumni, neighbors, and many more have continued to make our school a great place for all. The family atmosphere that sets us apart, is not possible without each of you and your care for our school, the community, and each other. We covet your continued support and prayers as we continue to navigate our world in an effort to best prepare our students for what comes next.

Prayerfully,  
Clint Mitchell  
Head of School

The class of 2023 has earned (as of 5/17/2023) more than \$4 million.

## Harvest Run and Field Day

Harvest Run and Field Day proved to be a highlight for the elementary school students. The Harvest Run raised more than \$35,000 for the school.

## Mr. and Miss MCS

**Jeremy Haynes** and **Kylie Powell** were named Mr. and Miss MCS respectively. Jeremy is the son of David and Allison Haynes. Kylie is the daughter of Jay and Lindsay Powell and Brittainy and Trey Shafer. Mr and Miss MCS are selected by students and faculty as representing the values of MCS.

The Yearbook staff chose to dedicate the 2022-2023 Yearbook to Mrs. **Anita Presley**. Mrs. Presley is known for her happy attitude and dedication to her profession and to her students. Congratulations!

## Teachers of the Year

The elementary teacher of the year is **Becky Powell**. Mrs. Powell is married to Mike Powell and they have two children: Jay (Class of 1997) and Shae Powell Ondraka. (Class of 1999)

Mrs. Powell graduated from Freed-Hardeman College and the University of South Alabama with a B.S. in Elementary Education and English.

Mrs. Powell said, "I am truly honored and surprised to receive this award. I felt there were others far more deserving." She added, "My

family and I love our Christian family at MCS. We have had a long and wonderful history at the school. It has been our great pleasure to serve the children and their parents. We have many great memories and have developed life-long friends here. I began my career as a third grade teacher at MCS; then my husband joined as a P.E. teacher and later as the Head of the School. Both of our children and presently 5 of our grandchildren are students at MCS. MCS is our family away from home."

**Kelly Pitts** is secondary teacher of the year. Mrs. Pitts is married to Raymond and they have three children: Molly, class of 2023, Tre is in ninth grade and Annabelle is in K5. Mrs. Pitts has taught for 6 years and is a graduate of the University of Alabama with a BS degree and a Master's of Education from the University of West Alabama. She coaches elementary, middle school JV and Varsity Softball.

Mrs. Pitts said, "It is a joy to teach at MCS and an honor to receive this award. MCS has always felt like home for my family. It is a special school that fosters the spiritual, academic, and athletic growth of its students and faculty. MCS takes extraordinary measure to provide a conducive learning environment while also creating a safe and fun student life on campus."
